WHAT WILL WE DO AT A FLASHLIGHT ADVENTURE?

A selection of our most popular themes can be found below. Call (508) 991-4556 x 18 for more information and to find out which program themes are designed to meet Girl Scout and Boy Scout recognition requirements.

THINGS THAT GO BUMP IN THE NIGHT

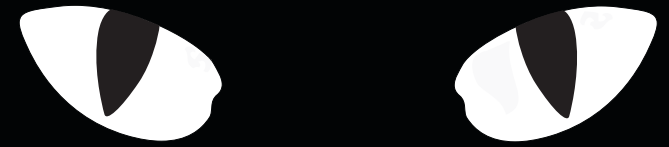

Have you ever wondered just what exactly those things that go bump in the night are? Learn about unique creatures of the night and the spectacular ways they are adapted for life under the cover of darkness. While learning about nocturnal animal adaptations, participants will explore their own sensory abilities and even dissect an owl pellet! This program is great for all ages.

CRAZY ABOUT ANIMALS!

Discover the many careers that exist working with animals. Find out just what it takes to become a zookeeper, veterinarian, field researcher and more. Participants will design an animal exhibit, discover and create one of the very special things zookeepers do to keep animals healthy and active and even get a behind-the-scenes look at where the animal's food is prepared—the commissary. This program is great for all ages, but perfect for participants 10 and above.

WHO'DUNIT?

Solve the mystery of WhoDunt? in this suspenseful Flashlight Adventure. After receiving training in animal evidence identification, participants will assume the role of Zoo Scene Investigators to solve the Case of the Covert Chicken. ZSI training will include creation of a tracking book and a cast of an animal footprint. This program is great for all ages.
